Dear Supporters of the Arts,

With continued growth, Artrageous Fridays has been recognized as a thriving showcase for the local arts scene stretching from the historic Downtown District to the eclectic and recently restored areas of the North Village. We are dedicated to advancing artistic and local organizations which support the Artrageous Mission; to promote an environment of shared economic prosperity for our local arts community.

2012 Participation

Participation in each of the quarterly events is strongly encouraged and requires the showcase of an artistic exhibit or event during the hours of 6-9 pm in order to maintain consistency throughout all Artrageous sites. After your registration and payment have been processed, your organization will be included in our Artrageous Fridays booklet, map of destinations, cell phone application, recognized on our website and Facebook, and provided with a red flag to hang in a visible area outside your business during each event. Additionally, if your location is determined to be along the outskirts of Downtown or the North Village, accommodations may be arranged to route the Artrageous Trolley to your location in hopes of providing more foot traffic.

Registration

Please thoroughly read and provide **all** the materials requested to process your registration in a timely manner. Should you need assistance with developing or updating your logo or photo images for your organization, Artrageous Fridays proudly suggests two local artists we trust with our work; Kristen Brown of Hoot Design and Stacie Pottingner of Anastasia Photography. Kristen is the graphic designer behind the Artrageous Fridays booklet, and Stacie's work can be viewed on our poster images and on such booklet pages as Main Squeeze. See our website for their contact information.

I am exceptionally excited to continue in my third year with Artrageous Fridays as we uphold our dedication to not only the promotion, but prosperity of the local arts. I look forward to interacting with your organization and as always, any and all questions, concerns, or suggestions are welcome!

With kindest regards,

Kate Gunn, Executive Director
